Transport & Labor

At the time of opening, one skilled worker (tea maker) will be provided to the branch owner for tea preparation training. He will be provided for a minimum of 3 days. During this period, he will teach all types of tea preparation. His stay and food arrangements must be provided by the party (Branch Owner).

The branch owner must bear the transport charges for all materials and goods (for each supply).

MARGIN CALCULATION

Sugar Tea (1 Liter)

Milk (6.5 fat) 1 lit x 74 = 74

Tea masala 1 lit x 35 = 35

Gas = 5

Water (200 ml) = 0

Total Cost for 1 Liter Tea = ₹114

1 Liter x 20 Cups = 20

20 कप x 10 = 200

Profit 200-114 = 86 Rs.

Jaggery Tea

Milk (6.5 fat) 1 lit x 74 = 74

Tea masala = 35

Gas = 5

Water (500ml) = 0

Total Cost for 1 Liter Tea = ₹114

1 Liter x 25 Cups = 25

25+10 = 250

profit = 250-114 = 136 Rs
